

## TECHNICAL PROPERTIES

PROPERTY	METHOD		ARIZONA
Width			137 – 140 cm
Composition			PU top Polyester backing
Thickness			1,2 mm
Tensile strength	ISO 1421	Warp Weft	≥ 220 N/3cm ≥ 220 N/3cm
Tear strength	ISO 4674-1	Warp Weft	≥ 25 N ≥ 25 N
Martindale	ISO 12947-2		≥ 100.000 cycles
Flexing test	DIN 53351	25°	≥ 100.000 flexes
Bonding	ASTM D 751A	Warp Weft	29 N 26 N
Hydrolysis resistance		70°C * 95% RH	≥ 5 weeks
Colour fastness	ISO 105 B02		≥ 4,0 dry ≥ 3,5 wet / perspiration

Advantages: This product is compliant to REACH and has low VOC emission. Arizona offers a soft hand feel and natural leather-like grain. This material is easy to stitch and offers good technical properties; hydrolyses resistant plus 100.000 Martindale and 25N tear strength.
